# WallTalk

## Digital Signage

Compatible content formats

**Wall Talk** is a cost-effective, easy to set up solution for users desiring professional digital displays.

Wall Talk comprises of a compact low energy consumption Windows 7 unit that can be discretely mounted and connected to your network if required. A standard RGB lead will connect it to your screen (which we can supply) and then it is a simple case of composing your displays using the intuitive software.

*Genee Wall Talk Digital Signage Solutions make distributing your content and managing your signage system easy and affordable.*

**Simple display set up to give your messages real impact!**
